Route

The mileages available are 8M & 11M (3M for lead rein). **We plan to mark the course with painted arrows. However, due to the time of year, it may be too wet to mark or the arrows may wash away overnight. Therefore, we have provided you with both a map and a talk round (*please ensure you print these off and bring them to the ride*).**

Ride terrain is through the Country Park, Bridleways, tarmac lanes & stony tracks & barefoot horses might need booting. There is a small amount of quiet road work. Please ride according to the terrain as some areas may be wet and deep, so look after your horse.

DANGERS ON COURSE

Please note: on the 11 mile route, there is a zip line running along next to the bridle path, so please be aware of this! Potential hazards are indicated on talkround – also check the noticeboard at the Venue for latest updates.

Be courteous to other riders, **never** pass without asking permission first and always pass at walk. If you have never ridden with us before our rules can be found on the website. **Spurs and whips longer than 30 inches (i.e. schooling whips) are not permitted.**
