Route

The route will be marked with spray painted arrows on the ground, although we do ask all riders to bring a printed map with them. All Marshalls and helpers have given up there day to ensure you have a pleasurable ride, please thank them when passing through.

The **5 Mile** route is around gently rolling parkland with just a few hundred yards of roadwork to start with.

The **10 + Mile** routes have some roadwork along relatively quiet country lanes. These routes also go through a few farmers' fields, which have unmanned horse-friendly gates (although we will try and cover as many as we can depending on the numbers of helpers available) and **LIVESTOCK PRESENT**. A few paths are narrow, so please be aware of walkers and dogs. The **12 + Mile** routes have a **shallow ford crossing**, which cannot be avoided.

Please keep to the edges of headlands and marked paths – do not ride through any of the crops or ploughed fields.

First Aider: This event does not have an official first aider, however there is a first aid kit located at the secretary.

Notes: Please clear droppings away and take home. Do not leave on venue.
