

Ticknall Ride

Sunday 20th August 2017

Venue: Woodside Farm, Stanton Hill, Ticknall. Derby. DE73 7LA

Camping

You are welcome to arrive on Saturday any time after 2pm. **PLEASE DO NOT ARRIVE BEFORE!!**

I will be out marking the course on Saturday so if you arrive and no one is there please call me.

Corralling

Your corral space will be allocated to you by the ride organiser. Your corral must be double stranded & powered by electric. You must display a sign notifying the public that it is an electric fence. Please ensure you bring hay or haylage although there's plenty of grass. You must keep your corral clean at all times and all droppings **MUST** be taken home with you. May I also suggest that you have a piece of cardboard hanging on your corral with your contact details and emergency numbers. The venue is enclosed but should a horse come out of its corral we need to be able to contact you. Do not leave your horse unattended, should you wish to go out in the evening please ensure someone takes responsibility for your horse. All horses should be able to corral, if your horse breaks out or will not settle you may be asked to take your horse home.

Tents

Tents are not permitted by your corral. We will have a separate tent area away from the horses (this is down to H&S). You can sleep in your lorry or horse trailer next to your corral which is the most popular way people camp over.

Caravans are welcome.

Water & Toilets

There will be two toilets on site, although a short walk on to the yard. Bring plenty of water as this is limited. You may refill containers in an evening **ONLY** at the house.

General Information

You are welcome to enjoy yourself, after all this is what it's all about. Be courteous to other campers and keep noise levels down. You can bring BBQ's but these must be rested on something and not placed on the grass. No music is permitted after 11.30pm as some people have to be up very early to compete. Alcohol is welcome but please do not leave any bottles or cans lying around. Smoking is permitted but again be cautious as we are surrounded by trees. There is a local chip shop and a few local pubs. Dogs are welcome but **MUST** be kept on a lead at all times. Ensure you bring a water bucket for your horses & a container to transport it in. Fly spray & rugs is a must as they come out in force at dusk.

The venue is hosting a wedding on the field in a few weeks, I've promised them we will leave it tidy and no mess. We are lucky to have been given the venue so please do not spoil this for next year.

If you have any questions please contact Rachael on 07717 618782.
